OLD FIDDLERS COMING TO CAMERON FOR FETE

FIRST STATE WIDE CONTEST TO BE PROMOTED BY LOCAL POST JULY 3 AND 4

What is said to be the most elaborate plans for a fiddlers contest ever made in the United States with the exception of the national contest recently held, are now being projected by the local post of the American Legion for a statewide contest to determine the championship of Texas.

This contest will be held in Cameron on July 2 and 3 under the auspices of the American Legion.

The plans as projected by the local post calls for a special arrangement with the Dallas News for the broadcasting of the program to all Americans.

While the plans are not yet complete it is assured that the contest will have a state wide interest and will bring here for competition some of the most celebrated fiddlers of the country.

So far as known here no state contest has ever been held, especially since the days of the radio and the revival of old time fiddling.

The contest will extend over a period of two days with eliminations on Friday night July 2. This will be done in order to restrict the finals to the most celebrated of the old company of music makers who are staging a comeback in public favor. The finals will be held on Saturday night July 3 in the auditorium of the Yoe Hi School.

Complete plans with program and prize awards will be announced in a few days or in the next few weeks.

Thats what you do to your electric lighting plant

WHEN YOU want to say something is elastic, don't compare it to rubber. Say, "As elastic as the equipment of the Texas Public Utilities Company.

You are continually squeezing that equipment to its smallest limits, and the next minute stretching it out to its full extent. Just consider—

In the middle of the afternoon, maybe, you are not using the electricity at all. Suddenly a storm breaks, darkness closes down and at once you and everybody else in town switch on lights.

That means this Company must make a quick jump from a small load to a heavy load. You press the button or turn the switch, and great electrical machines respond instantaneously to your touch.

You can keep us on the jump—with your rapid ups and downs in the use of electricity. But you can never catch us napping try it.

A WORD OF APPRECIATION

Very often gracious sentiments stir within our hearts that we are not able to express on paper.

We have so felt toward the hospital, Drs. Sapp and Newton and all who ministered so kindly and efficiently while Mrs. Boone was in the hospital. Every citizen in the county should feel sincerest gratitude that such an institution is in our midst. May Heavens blessings be upon it in its every ministry and deed of service.

Very sincerely,

Bright Wings of Romance

By RALPH D. PAINE

(© 1925, Western Newspaper Union.)

TIME had been very cruel to Harriet Brent. To some women the years come like an Indian summer. Harriet Brent lived alone in an old house, which also had come to have an aspect unlovely and forlorn. Four-square to the road it stood, its fields bounded by stone walls heaped together by the tenacious toll of New England pioneers.

A house that still braved the weather staunchly, it had sheltered many children and known many joys and sorrows. This its broad roof conveyed to the passer-by. For one elderly woman to dwell alone in it was like sitting by the dead ashes of a hearthstone.

Harriet Brent was not unhappy. In her heart, which seemed unquenched by warm emotions, there lived unquenched one divine spark of the true romance. Her faded eyes could soften in wistful reverie.

The Harriet Brent of those many, many years gone by had been a sensitive, slender girl of a certain flower-like, fleeting beauty. Delicate, they had called her. A shy girl, moving in misty day-dreams which she had been reluctant to reveal.

Eighteen she was when the lad had come from a larger town for a brief visit with cousins on a nearby farm. So brief—only a week. He had made love to her, with an ardor boyish and turbulent. Unashamed, she had returned his kisses.

Careless, splendid, debonaire, swearing he loved her forever and ever, he had passed on and forgotten her.

Harriet Brent did not forget him. Life is sometimes that way. The spirit of romance had once, only once, brushed her with its bright wings. Time healed the poignant sorrow. It came to be that she was glad to bear the scar. Even in these somber later years she could sit and thank God that she had known love and kisses and aching rapture.

One day this harsh-featured, unsmiling spinster went out to feed the hens. She had clapped on a battered, baymaker's straw hat. A shawl was thrown over her faded shirt-waist. The old skirt had been chopped off to make it easier to do the chores. The rubber boots were handy because there was mud in the hen yard.

The empty pan in her hand, Harriet Brent stood staring at a very large and glittering automobile which had halted in front of the house. The chauffeur was studying a weather-beaten guide-board on a post. A handsome woman, ruddy, dignified, spoke to the gentleman beside her. He left the car and walked to the gate of Harriet Brent's dooryard. She came clumping from the barn path to meet him.

"Is this the road to Warechester, if you please?"

"Yes, take the first road to the right after you climb the hill beyond the watering-trough."

"Thank you, and may my man have a pail of water to fill his radiator? If you will be good enough to show him where the well is—"

"I'll fetch you a pail," grimly spoke Harriet Brent. She lingered a moment to survey this vigorous, genial stranger with the close-cropped, grizzled mustache, the keen eyes, the air of substantial importance. Time had not been cruel to him. Life had been gracious nor had it obliterated that dominating quality which had made him victorious in boyhood.

Yes, Harriet Brent knew him as soon as they stood face to face, but the expression of her worn features was unchanged. She went into the shed and returned with a pail. The man who had come out of the past seemed in no haste to rejoin his wife in the car nor did he hear her when she called to him. He was gazing at the shabby old house and at the apple orchard beyond. His demeanor was curiously abstracted. His eyes were grave but his smile had a boyish sweetness as he said:

"This fine old place has run down. Too bad. I remember it years ago. A family named Brent lived here then. Do you know what became of them?"

"Dead and gone," replied Harriet. "You can see the stones in the little burying ground at the edge of the orchard."

"Yes, it was a long time ago. There was a daughter, a very lovely girl. I met her one summer, when I was a boy. Married, I suppose, and a grand mother by now?"

"She has gone, too, so I've heard say," steadily answered Harriet in a low voice. Her hand pulled the edges of the shawl together and remained there to rest on her heart. "Yes, the girl you used to know has gone from here."

His wife spoke impatiently. He turned with a start. Presently the car rolled away from the house by the road. He glanced back, more than once. From behind the ancient blue bush, Harriet Brent watched the car vanish. Then she clasped her hands and murmured, in prayer:

"Oh, thank God he didn't know me. But he remembered—and he loved to remember. He was loving the girl that has gone. I didn't expect anything could ever make me so happy."

She went into the house and kindled a blaze in the huge fireplace of the sitting-room. By its glow she sat with folded hands, while the red coals covered the dead ashes. Her face was no longer harsh and unlovely. The bright wings of romance had brushed

THE SENIOR REVUE

The Senior class of 1926 has not followed the custom set by the other classes in putting on a Senior play, but we think that we have something better, and something that will at least interest every graduate of the Cameron Schools, and they will run into the hundreds living in and around Cameron.

"The Senior Review" will be a review of the past graduation classes. Several of the prominent graduates of the past will appear on the program and several of them will be prominent graduates of the future will also appear.

Lots of music, good dancing, singing, and a play that will please all. Watch the paper next week for the program.

BIRTHDAY PARTY

Honoring the tenth birthday of her daughter, Mildred (Billy) Moore, Mrs. G. C. Walters gave her a pretty party Saturday afternoon at the attractive Walters home on East 17th street.

Ring, Katherine Green.
Thimble, Marian Green.
Wishbone, Abbie Reese Harvey.
Button, Theresa Manning.

May baskets of candies were given to each little guest. Ice cream cones and cake were enjoyed and then more stunts and games. The guest personnel included Marian Morgan, Warene Janeway, Madelle Smith, Carolyn Cheeves, Patsy McGregor, Mary Louise Doggett, Marian Green, Katharine Green, Theresa Manning, Gwain Shipp, Henriem Hefley and little Morris Eplen.

EVANGELICAL LUTHERAN CHURCH

On account of an operation Rev. Arthur F. Beyer, pastor of the Lutheran church, will not preach next Sunday. He will be in Cameron on Sunday, May 30 to speak at the Episcopal church. Friends and strangers are invited to attend these services.

The Cameron Herald celebrated its 48th birthday last week. The Herald is only five years younger than The Reporter, and during its long life has had a rather checkered career—as indeed, all newspapers of that age have probably had. We do not recall at this moment just how long its present editor has been in charge, probably five or six years, but we gladly pay Editor White this compliment: The Herald has made wonderful improvement, under his management from both the editorial and business standpoint, and is undoubtedly a better paper than under any former management of which the writer has cognizance—and we've been reading the Herald now for more than fifteen years. It occupies a place in the forefront of the Texas weekly press. The Reporter congratulates and felicitates Bro. White at this time, and hopes he will still be at the helm when The Herald celebrates its one hundredth anniversary.—Rockdale Reporter.

**THORNDALE MINERAL
WELL COMPANY IS
GRANTED CHARTER**

The application for a charter of the Thorndale Mineral Well Company as submitted by Wm. Tagel and Kenneth Culver who made a trip to Austin last week for that purpose was granted by the secretary of state.

The project is now on firm and legal footing for further progress and development. The well holdings are incorporated for \$18,000 with a permit to sell \$8,000 additional stock, making a total of \$26,000 when all stock is sold. All provisions of law have been complied with the exception of one minor requirement concerning the form of receipt which should be issued to purchasers of stock in the company. The department has prescribed a slight change in the form of receipt issued to each purchaser by Mr. Tagel as trustee and all who have bought stock in the company are requested to call on Mr. Tagel and get the new form of receipt in exchange for the one they now hold.

The status of the stockholders remains the same as before and the new receipt does not change the security which they hold. Instead it is more secure under the new form of receipt required by law. Mr. Tagel will explain these matters in detail when you come for your new receipt. Satisfaction is guaranteed and the whole matter is now in better shape, Mr. Tagel says, than ever before.—Thorndale Champion.

**SOUTH CENTRAL TEXAS
SCOUTS HOLD RALLY**

The Lone Scout Division of the Boy Scouts of America held a rally for Lone Scouts at San Marcos, May 9, 1926. The morning was devoted to Scouting events and getting generally acquainted, while the evening was given to five minute talks on the various phases of Scouting by the attending Scouts.

As will be recalled, the Lone Scout Organization was merged with the Boy Scout Organization, April 1924. Since then the Boy Scout officials have been working out a program thru which they could better the conditions of the Lone Scouts, and reach a far

greater number of boys through this organization.

Many farm papers have organized Lone Scout tribes through their columns, and also feature Lone Scout Departments. Such papers as "The Wallace Farmer," "Farm and Ranch" and "The Farmer" of Wisconsin and many others are boosting the Lone Scout program. Several broadcasting stations over the U. S. feature Lone Scout programs once a week.

The rally was also a discussion of various departments of Scouting, and bringing before the scouts the different problems that confront Council Seven which is composed of the three states, Texas, Arkansas and Oklahoma.

Frank V. Mondrik from Cameron attended the Rally at San Marcos and reported a helpful meeting.

MRS. G. C. BLACK

The death of Mrs. G. C. Black at her Cameron home on South Crockett Ave. last Wednesday caused sadness among a wide circle of friends and relatives. She had been in feeble health for a long time but her last illness was only of one week's duration. The funeral cortege passed from her home to the Liberty Cemetery where the funeral was conducted by Rev. R. S. Marshall, pastor of the Cameron Methodist church on Thursday afternoon at two thirty. Many beautiful flowers were sent to cover her burial mound in Liberty Cemetery where many of her family are sleeping. A very large concourse of friends from Cameron and the Hanover and Liberty communities attended the funeral.

Mrs. Black is survived by her husband, G. C. Black of Cameron and by three sons, Alex, Travis and G. C., Jr. One son, Travis who has been sick for some time came home from Kerrville to attend his mother's funeral.

Mrs. Black's maiden name was Lizzie Ann Turney. She was the daughter of Mr. and Mrs. R. N. Turney of Hanover who survive her. Two sisters, Mesdames Jack Lankford and Willie Lantrip of Dallas and one brother, J. D. Turney of Hanover are the only remaining survivors of Mr. and Mrs. Turney's family of fourteen children. These sisters and brother were here for Mrs. Black's funeral. The deceased

was affectionately called "Bye" by her family. She had been a member of the Methodist church since her girlhood. Her passing makes the hearts of many sad.

**ANNOUNCING THE WINNERS IN
THE KITCHEN IMPROVE-
MENT CONTEST**

At the final scoring of the kitchens, Mrs. C. M. Morris of Davilla, Buckholts Route 3, held the greatest number of points of improvement, in Class 1, under \$25.00.

There were four contestants in class 1, Mrs. C. M. Morris, Davilla, 45 points improvement; Mrs. J. A. Wilson, Davilla, 37 points improvement; Mrs. Clyde Hensley, 36 points improvement, Mrs. C. A. Hine, Davilla, 20 points improvement. Mrs. C. A. Hine already had running water and sink in her kitchen and therefore, her kitchen scored higher on the initial trip and left less room for improvement.

Mrs. Harry Clark of San Gabriel being the only one in Class 2, expense over \$25.00 is naturally the winner and is rejoicing in not only new and well arranged and equipped kitchen but an entire new home.

The judges who have helped us in this work were Mesdames E. A. Wallace, B. P. Atkinson, and J. G. Vest, all of Cameron.

It would be impossible to call each and everyone by separate name. Therefore, we use this means of expressing our sincere gratitude to our lovely neighbors for their loyal devotion with deeds of kindness, and to the many, many friends for the beautiful flowers, expressions of sympathy and well wishes, and to the physicians who stood by so faithfully, doing ev-

everything human could do for the relief and comfort of our dear wife and mother during her recent illness. It makes one glad that they live in Cameron, a place where everyone feels a personal interest in everyone else. We pray God's richest blessings upon each of them.

BY MRS. JEFF T. KEMP

YOUNG-GREEN

The marriage of Albert Eugene Green, son of Mr. and Mrs. A. N. Green and Miss Mary Ann Young, daughter of Mrs. W. R. Young, was solemnized at high noon Thursday at the First Presbyterian church in Cameron. The ceremony was performed by Rev. H. G. Kenney, pastor of the church. Mr. and Mrs. Green left immediately by motor for San Antonio. After a short honeymoon they will be at home in Cameron.

The church was made beautiful for the occasion by the happy grouping of palms and ferns, pink and white roses and spring flowers in tulle tied baskets accentuated the bridal theme. The ushers, Nelson Green of State University, Austin, brother of the groom and Charlie Young of the same school, brother of the bride seated the wedding guests. The family pews were indicated by bows of white maline.

Prior to the ceremony Miss Eloise Rogers of Baylor College wearing a green crepe with lace garniture and becoming picture hat of the same shade sang a group of love songs: "Because," "In the Garden" and "O, Promise Me" accompanied by Robert Smith at the piano who also gave the bridal music using Lohengrin's March for the Processional and Mendelssohn's for the recessional. Soft strains were heard during the ceremony.

Miss Reba Young the bridesmaid was bewitching in a Bois de Rose georgette gown and picture hat in the same alluring shade. She carried a tied cluster of pink rosebuds and came up the central aisle alone.

The groom came in with his twin sister, Miss Pauline Green, who was becomingly gowned in Bois de Rose crepe and picture hat. She carried an arm bouquet of pink Ophelia roses with pink maline.

The bride who wore an ensemble suit of Palmetto green with gray accessories and hat of gray and green came in with her sister, Miss Dallis

Young, the maid of honor, who wore a blue crepe gown with picture hat and harmonizing accessories. Each carried arm clusters of pink sweet heart rosebuds tulle tied, the bride's with showers of Valley lilies. The two sisters made a picture of rare loveliness. The groom was given away at the altar by his twin sister and the bride was given in marriage by her elder sister, Rev. H. G. Kenney, the pastor, used the ring ceremony.

The recessional was made in procession, after the bride and groom with maid of honor, bridesmaids and ushers following.

Both bride and groom are graduates of Yoe High School and each have attended institutions of higher learning. With so auspicious a beginning it is hoped that their matrimonial voyage will be most happy.

TUESDAY CLUB

In the Auditorium Hotel parlor on Tuesday afternoon, Mrs. S. A. Cottle entertained the Tuesday club with a beautiful party. Pink roses in vases, wall pockets and floor baskets were lavishly used to add fragrance and charm. The six tables were in gala attire for the afternoon. The petite and charming daughter of the hostess, Mary Ellen, passed the score cards, which embodied the floral motif. After the games hand embroidered oil cloth pillows were given as table favors to the following guests: Mesdames Charlie Frank Green, Alex Triggs, B. F. Bonds, Julian Baskin, George C. Childress, Jr. and R. J. Long. The hostess was assisted in serving a dainty salad and ice course by Mrs. George Simonds and little Mary Ellen Cottle.

Other than club members the following were guests: Misses Clara Thomas, Aetna Smith, Mesdames Roy Baskin, R. J. Long, H. F. Smith, Jr., John C. Young, Judd G. Davis, Albert Triggs, R. D. Brown, James Watson, James Coleman, Jr. and W. A. Bonds.

TREBLE CLEF CLUB

In the home of Miss Dorothy Denson on Saturday afternoon the Treble Clef Club of Cameron entertained the Orpheus Junior Club of Rosebud. Jeter, sponsor, and the fifteen members of the Treble Clef Club were present to greet the fifteen club members from Rosebud and their sponsor, Misses Sewell and Wills who motored down in response to the invitation of the Cameron girls. The versatile program was furnished by the Treble Clef members and was enthusiastically received by the guests. The numbers were as follows:

ROMAN BANQUET

On Thursday evening, May 6 a Roman banquet was enjoyed by many students and town people at the Ada Henderson Cafeteria.

This banquet was Roman all the way through and every one enjoyed it immensely. Miss Tubbs, the Latin teacher and the members of the Latin Club sponsored the banquet. Miss Katherine Robbins was toast mistress and proved to be an able one.

Many beautiful posters of Latin idea-decorated the walls and one felt as if they were in Rome. The tableaux given were very interesting.

The Latin Club proved to be disturbed when Mr. Fisher called upon all to pronounce and give the meaning of "VOLIX". To relieve their minds he finally gave the true meaning "Volume Nine" Vol. IX.

The Ada Henderson School of approximately five hundred children will hold a May Fete, Monday, May 24, 6 p. m. at the Lawless Green Athletic Field.

The king was elected by popular vote, Thomas Doggett of the seventh grade being the fortunate candidate. The identity of the queen is being kept secret.

After the crowning of the queen she, with King Thomas, will ascend the royal throne of Spring, to be entertained by their loyal subjects with marches and dances.

SENIOR LEAGUE CONVENTION

Mr. and Mrs. F. R. Dunlap and 20 Senior Leaguers from Cameron went to Reagan for the District Meeting of the Leagues Saturday and Sunday.

The Cameron League under the fostering care of Mr. and Mrs. Dunlap has grown in membership from seven members in February to twenty five members in May. Their average excellence according to adopted League standards has been raised from ten per cent in February to seventy per cent in May. Leagues from Calvert, Marlin, Franklin, Cameron and other churches had delegates at Reagan. The hospitality of the Reagan people was unbounded and highly appreciated by the very large number who attended from Cameron as follows:

F. R. Dunlap, Mrs. F. R. Dunlap, Roy Hansford Dunlap, Misses Rosalie Baskin, Beatrice Rylander, Louise Johnson, Nora Adams, Kathleen Baggett, Ima Wilson, Ola Mae O'Neal, Katherine Ledbetter, Florence Ledbetter, Foldine Rylander, Lena Bell Baskin, Dorothy Denson, Evelyn McCall, Melissa B. O'Neal and Willard Keith, Clyde Shipp, Fred Johnson, Alvin Roberts, Robert Baskin and Sidney Posey.

Mrs. Dunlap was very proud of the Cameron delegates whose conduct throughout the trip and stay in Reagan was most excellent.

It is the desire of the Cameron League to send two delegates to Texas League assembly in Jacksonville June 5 to 12.

SEVENTH GRADE PARTY

Friday evening in the gymnasium of the Ada Henderson School forty five members of the seventh grade enjoyed a party. Miss Blanche Hensley and Mrs. Leland Green chaperoned. Margaret McCown and Frances Sharpe had charge of the games and stunts. A surprise package game afforded much amusement and then old fashioned ring games were interspersed with songs. Near the conclusion of the evening a spread of sandwiches, fruit and cake was enjoyed.

RECITAL

In the Alma Reeves Chapel at Baylor College, Belton, Miss Eloise

Rogers will give her senior song recital on the evening of May 14, at 8 o'clock. Miss Eloise has been the pupil of Mrs. Allie Coleman Pierce for several terms and is always heard with pleasure. Her well trained soprano voice has ever been used to give pleasure to her friends and her senior recital will doubtless draw many friends to Belton on the evening of May 14. Miss Helen Sayles who was the pianist for the Baylor College Choral Club will give the piano numbers in this joint recital which promises to be a musical treat.

Y. P. S. LEAGUE

The Young People's Service League held its regular bi-weekly meeting Sunday afternoon, May 9. Reports were read on work among the various leagues of the diocese.

At the next meeting the league will take up the study of the history of the church.

FORTY TWO CLUB

Miss Gladys Watson was hostess to the Forty Two Club last Thursday afternoon. Three tables were arranged on the porch for the games. The attractive setting made the party unusually delightful. A color scheme of blue and yellow was featured in game accessories. Larkspur and narcissus were the favored blossoms and they were lavishly used in bowls and vases in vantage places. Cut glass vases of larkspur and narcissus, the table favors, were awarded in the cut to Mesdames George Graves, R. D. Brown and H. F. Smith, Jr. A salad and ice course was daintily served on bamboo trays.

Wanted! A CAR LOAD OF CHICKENS

On Saturday, May 15, 1926, I will buy a car load of chickens and I will pay you a price that will be pleasing to you.

I want to buy Hens and Fryers. Bring them to my store any time on May 15. We pay top prices for produce and sell for less.

Always keep in mind this one outstanding fact, that when you buy a grocery bill in Cameron you can save money on it by buying it at my store.

You have probably noticed that when I opened up that grocery prices went down in Cameron but they haven't gone down on a level with my prices yet for I save you a few pennies on everything.

If you are not buying meat from me you are not getting your value in meat, for I am selling my meat at the same price as the other markets but I am assuring you that you do not get tubercular meat, for each piece of my meat carries the United States government stamp and when you think of the per centage of cattle that have tuberculosis, this alone means a great deal to you, for no other market in Cameron has the United States inspection for their meat.

The satisfaction one gets out of eating good, fat and tender meat, should alone induce you to buy your meat from me, but when you consider that you are getting United States Government inspected meat, which means pure meat in addition to choice, tender meat, then how can you afford to take the risk of eating any other kind of meat?

On Saturday, May 15 be sure to come in to the cooking school that will be held in my store where we will serve lunch from 11:30 to 1 o'clock. The cooking school however will be in progress from 9 a. m. to 6 p. m.

GOVERNOR FERGUSON TO BE IN ROCKDALE JULY 5

ACCEPTS INVITATION TO ASSIST LEGION BOYS IN BIG CELE- BRATION HERE

Carlile Post No. 358, American Legion, is now perfecting plans for the biggest 4th of July celebration in the history of Rockdale.

July 4th comes on Sunday this year, so the celebration will begin Sunday morning, and will continue throughout Tuesday, and possibly throughout Wednesday if Hon. Dan Moody accepts the invitation to speak on that date.

Governor Miriam A. Ferguson has accepted the invitation for the first day—Monday, July 5—and Ex-Governor James E. Ferguson will deliver and address on that date in behalf of his wife's candidacy for re-election.

Hon. Lynch Davidson has accepted for Tuesday, July 6, and will speak on that date on behalf of his own candidacy for governor.

Hon. Dan Moody has been invited for Wednesday, July 7, and while he has not definitely accepted it is believed that he will do so, in which event he will address the voters on the subject of his gubernatorial aspirations.

In event that Mr. Moody does not accept the invitation the celebration will be confined to two days—Monday and Tuesday.

All the speaking will take place at Fair Park pavilion, and the Legion boys are laying plans to accommodate five or six thousand people so that all may hear the speaking. Proper eating arrangements will be provided and a system of automobile parking worked out which will assure the candidates of the least amount of interruption from that source.

Horse racing will be the next important item of entertainment. Carlile Post is now getting in touch with race horse owners from all over the state, and will offer cash purses of sufficient size to attract some of the best stables now running. Rockdale has probably the best half-mile race track in the state, and beautiful Fair Park affords a wonderful place for such a celebration, with its more than forty acres of field and forest. Auto races are also being considered.

Other entertainment features of lesser importance will be provided, about which the public will be informed as plans mature. The Legionnaires are planning at least one, and possible two automobile booster trips prior to the celebration. The itinerary of these trips will be such as to give the celebration wide publicity.

This will be the third annual 4th of July celebration which Carlile Post has sponsored in Rockdale. Last year regardless of the drouth, a successful entertainment was given, and year before last drew one of the biggest crowds ever seen in Fair Park. This year the Legion boys are expecting to outdo all former efforts, and with Dan, Lynch and Ma as drawing cards

in one of the most important political campaigns in the history of the state it is altogether likely that the boys will see their fondest hopes fully realized.

MAY PAGEANT

Presented by pupils of the Grammar School

Wednesday afternoon the pupils of the Cameron Grammar School presented a May Pageant on their school campus. The Queen of May was crowned and welcomed with songs and dances to the sovereignty of the hearts of the little children.

The teachers of the Grammar School, Mrs. Joe Denson, Miss Martha Lou Hooks and Miss Juanita Caldwell in recognition of the beautiful custom of ushering in the lovely ninth of May with ceremony as was done in Merrie England long ago trained their pupils to present the pageant of Wednesday afternoon so that the parents, teachers, trustees and friends of the school could be invited to enjoy a gala event staged under the old oaks that have witnessed so many events in the lives of Cameron school children.

The weather was ideal. The throne of the king of May was placed under an oak spreading greenwood tree. The dais was of white and garlanded with roses. The king, Homer Plentl, was seated upon the throne when the ceremonies began. Each event was heralded by the announcer, Charlie Smith, Jr. Piano music was furnished by Miss Juanita Caldwell for each event. Mrs. Denson and Miss Hooks directed the children and the whole affair was pronounced a success by the large crowd of interested people who gathered to witness the ceremonies.

The approach of the royal party to the strains of "Stars and Stripes Forever" was first announced. The first to approach were the guards: Richard Prescott, Franklin Fikes, Ralph Koepf, Walter Eikenhorst. As escort to His Royal Highness, the King of May, King Homer of the House of Plentl.

Then the Queen of May, Queen Velma of the House of Reese accompanied by train bearers, Jewel McClellan, Bonnie Fay Turner appeared accompanied by Princess Mary of House of Gary, Princess Josephine of House of Richards, Princess Myrtle of House of Adams, Princess Marie of House of Brod.

The crown of Dorothy Perkins roses on a satin pillow borne by Tom White was brought in. A group of children honoring the queen carrying a beautiful flower chain of roses and larkspur: Vince Brod, Mary Jo Belt, Jack Thompson, Frank Duncan, Robbie Lee McLaren, Milada Biscup. Then came the dance of Seasons. Autumn, Gwendolyn Sanders, dressed in red and gold paper petal costume; Winter, Nono Weems, dressed in white petals; Spring, Opal Worcester, dressed pink and green petals; Summer Edna Merle Deere dressed in orchid petals. This was followed by a dance of Brownies by Alvin Monroe, Allen Horstmann, Clinton Breeding, C. W. Gjedde, Garland Pickett, Ernest Kah-

ler, Bill Story, Winifred Henderson and John Haygood.

The next feature was the Queen's fairy, Lois Beacham dressed in silthe words of which introduced the ver. She gave a solo dance and song, next feature:

Some little drops of rain fell down,
From cloudland far and steep,
Upon a meadows grassy nest
And there they fell asleep
And when they awakened up again
Now what was their surprise?
To find that they were roses red
With dewdrops in their eyes."

THORNDALE MINERAL WELL COMPANY IS GRANTED CHARTER

The application for a charter of the Thorndale Mineral Well Company as submitted by Wm. Tagel and Kenneth Culver who made a trip to Austin last week for that purpose was granted by the secretary of state.

The project is now on firm and legal footing for further progress and development. The well holdings are incorporated for \$18,000 with a permit to sell \$8,000 additional stock, making a total of \$26,000 when all stock is sold. All provisions of law have been complied with the exception of one minor requirement concerning the form of receipt which should be issued to purchasers of stock in the company. The department has prescribed a slight change in the form of receipt

issued to each purchaser by Mr. Tagel as trustee and all who have bought stock in the company are requested to call on Mr. Tagel and get the new form of receipt in exchange for the one they now hold.

The status of the stockholders remains the same as before and the new receipt does not change the security which they hold. Instead it is more secure under the new form of receipt required by law. Mr. Tagel will explain these matters in detail when you come for your new receipt. Satisfaction is guaranteed and the whole matter is now in better shape, Mr. Tagel says, than ever before.—Thorndale Champion.

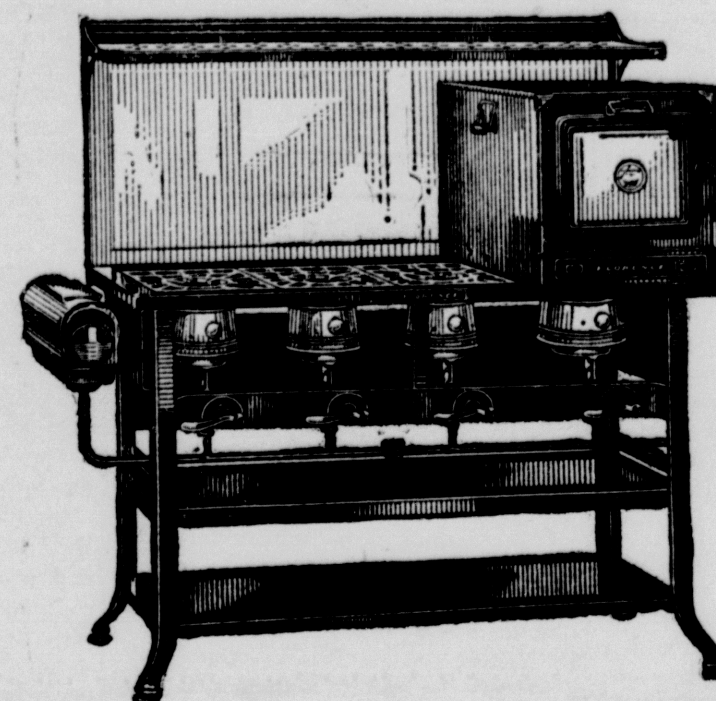

Judge Jeff T. Kemp and Van Tyson were in Taylor Saturday night to attend the rally staged for Dan Moody in opening his campaign for Governor.

MOODY SAYS ISSUE IS FERGUSONISM

ATTORNEY GENERAL OPENS CAMPAIGN FOR GOVERNOR AT TAYLOR

Taylor, Tex., May 8.—With the early threat of inclement weather dispelled a crowd of several thousand was on hand here tonight for the formal opening of Attorney General Dan Moody's campaign for governor, at which the young candidate delivered the principal address.

The crowds came from almost every section of this county and from adjacent counties. Many came from far-off sections of the state. From the beginning of the day, the entire city was in a state of tense expectation and a gay spirit not unlike that of a carnival season prevailed. American flags were flying from nearly every business house in the city. Twelve men had been added to the police force to enable smooth handling of traffic. All day long deputations of Taylor citizens were busy meeting trains and procuring lodging for out-of-town guests.

The attorney general spent the morning in Austin making preparations for his speech. He spent the morning in his room at the hotel where he lives and where he was in conference with advisors a good part of the forenoon.

This speech was the first opening address made at night by a candidate

for governor of Texas within the memory of local politicians.

The occasion for the selection of the hour of 8 p. m. was the fact that the speech was to be broadcasted for radio listeners over the entire state.

Dan Moody's home folks, the folks who saw him grow from a gagging red-headed country boy into a handsome young man in his early prime, who saw him progress from a school boy, an electrician, law student, county attorney, district attorney, to the high office of attorney general, and proud of Taylor's entry into the gubernatorial race gave him a huge send-off.

In behalf of the womanhood of Taylor, Miss Gladys Huffstutler was chosen to present Moody with a basket of flowers, with the following comment: "The women of Texas are behind you in this campaign. We realize that your high ideals your unquestioned integrity and your proven statesmanship will, when you are inaugurated as our governor next January, place Texas again upon the high pedestal that her history and traditions entitle her to occupy."

After the speech, the Taylor friends of Dan Moody entertained him and his party with a dinner at Balzimar Hotel.

HIGH LIGHTS OF
MOODY TALK
+++++

Changes in the administration of the state highway department, a better support for the public school system of the state, including the

amendment of laws to make possible more efficient administration of school affairs; a civil service system that will prevent disruption of state governmental agencies in the building up of political machines; the elimination of "graft" from the state prison system; a betterment of judicial procedure, and the adoption of a preferential voting system that will eliminate the second primary, were outstanding among the proposals advocated by attorney general Dan Moody in his speech at Taylor Saturday night in opening his campaign for the democratic nomination for governor of Texas.

Mr. Moody presented his views on some of the issues expected to figure in the campaign as follows:

Laws.—"I do not come offering a volume of legislation, but proclaiming that the effective administration of existing laws, with a few simple corrections, and a frugal and honest administration of public affairs will meet the needs of the day."

Centralization.—"I believe in the doctrine of local self government, and I am opposed to the centralization of power either in Washington or Austin as contrary to the principles of democracy."

Road Contracts.—"I shall ask the legislature to appoint a committee for the purpose of conducting a thorough investigation of the letting of contracts by the past and present highway commission. I am opposed to the highway commission awarding roads upon a fixed consideration to be paid either monthly or annually. No contract should be let except upon competitive bids properly advertised for and then only where as many as three bids were submitted."

Validating road bonds.—"If the present legislature is not called into special session at any time before a change in administration, and if I am elected governor, I shall recommend to the legislature the immediate enactment of a statute validating outstanding road district bonds."

Making appointments.—"I believe that the appointive heads of departments should be subject to change with changing administrations. Those who direct governmental policies should be responsive to public opinion. This principle, however does not extend to subordinate employees, and particularly to those placed under the government requiring technical knowledge and efficiency. It should not extend to clerical positions."

Civil service.—"I shall recommend to the legislature that a system of civil service be inaugurated so as to make certain that employees will be selected because of their efficiency, training and knowledge and not because of their particular political views or their willingness to sacrifice the public good to serve the end of the particular official in power."

Enforcement of law.—"I make claims to a record in this statement for the enforcement of the law. I have enforced it against friend and foe alike. It is not necessary for me to take occasion here to express my fealty to the law. When laws are passed they should be enforced."

Pardons.—"I shall not cripple the efforts of law enforcing officers by wholesale pardons at the importunities of political henchmen, but I will consider applications for pardon only upon their merits. I believe in the reasonable exercise of the pardoning power."

Public schools.—"I pledge myself to the maintenance of the public school system to the highest state of efficiency. No government can be safe and secure unless the people are afforded the means of securing an education. Texas ranks 35 among the states of the Union in education. There were (in 1920) 294,000 illiterates above the age of ten years. This condition is one that is unthinkable in a state with the resources that belong to Texas. I have no wild promise to make but I have some thoughts which I believe are calculated to improve this condition and bring the means of free education more nearly within the reach of every boy and girl in Texas."

Higher education.—"I have an absolute want of patience for the demagogue who undertakes to make our institutions of higher learning the victim of political ambitions."

Election laws.—"I favor reforms in our election laws. The preferential ballot would avoid the second primary and reduce some of the evils existing in our election laws. It is by no means the ideal solution of the question, but I favor it as an improvement which I am forced to admit it presents."

Prison system.—"If elected governor I propose to eliminate graft from that system. It has been managed for political purposes. The plan of having prison farms scattered over the state has proved a failure."

Judicial reform.—"I favor judicial reforms affecting civil and criminal cases that will more nearly insure speedy and exact justice to rich and

poor alike. That such reforms are possible are matters that can admit of no doubt."

Libel law.—"I favor an amendment to the libel laws of the state which will protect the press in conveying information to the public. The truth of a publication should be an absolute defense in a suit for libel."

Labor.—"I am a member of organized labor, and I believe in the right of collective bargaining. My conduct in the office of attorney general justifies the statement that I am not unfriendly to capital."

Reclamation.—"The hope of this state rests in the reclamation of its arid and overflow lands, and I believe that the executive power should be used to encourage the conservation of our natural resources."

Lynch Says Farms Backbone of State's Commercial Wealth

Jacksonville, Tex., May 13.—The welfare of the world—yes, even human existence—depends upon agriculture, Lynch Davidson, candidate for governor, told a gathering of several hundred Cherokee and Smith county citizens here tonight. He asserted that a crop failure will paralyze business quicker than anything else, and declared business men today realize something must be done to remedy the situation and insure economic independence for the farmer.

"I can give you a remedy," Mr. Davidson said, "one that you folks around Jacksonville have already tried and appreciated, because you know it works. It is an amply financed, persistent plan of co-operative salesmanship for farm products. Such a course will finally free the farmer from the economic slavery in which he is now living."

"The farmer is told he must diversify; that his production methods are wrong, wasteful or inefficient. He is offered lots of advice, but not often enough is the adviser willing to put up hard cash and co-operate with the farmer in marketing his crop so that it will bring him a fair profit above what it costs him to produce it. The business interests of every town and city in the nation are beginning to realize the farmer must have the financial and moral support of his entire community, if that community prospers."

"Let me refer to your own case here. Jacksonville is recognized as a truck center, particularly in the growing of tomatoes. Your farmers ship long distances in carlots. This truck industry is not the result of accident. I happened to know that the business men here encouraged and backed the farmer to the limit when the plan was first suggested. I congratulate you upon your vision and spirit of co-operation. You have made this town and country one of the most prosperous in the state of Texas."

"You have demonstrated that the doctrine of efficient production and diversification must be coupled with a sound plan of crop distribution. I wish every city and town in the state would follow the example you have set here. Greater efficiency can be accomplished in another way than by working from daylight until dark, or by putting women in the fields and taking children out of school to make hands in the cotton patch."

"Scientific farm-marketing salesmanship is the silver lining to the cloud. Co-operative farm-marketing organizations are fighting their way to the fore all over America. The plans of these associations are not yet

perfect, but they are a step in the right direction.

"Cotton is a monopolistic crop, suited to the South, but it fails as a monopoly because of the incompetent distribution. As long as speculators can rob the farmer to the power to sell at a profit, just that long will the entire business structure of the South suffer."

"Apply modern business principles to farming, and you will insure individual economic independence."

Clean Kidneys By Drinking Lots of Water

Take Salts to Flush Kidneys if Bladder Bothers or Back Hurts

Eating too much rich food may produce kidney trouble in some form, says a well-known authority, because the acids created overwork the kidneys. Then they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, begin drinking lots of good water and also get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush clogged kidneys and stimulate them to activity; also to neutralize the acids in the system so that they no longer irritate, thus often relieving bladder disorders.

Jad Salts can not injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to help keep the kidneys and urinary organs clean, thus often avoiding serious kidney disorders. By all means have your physician examine your kidneys at least twice a year.

city recently received a special honor
from the New York Builders' Con-
gress, consisting of a certificate of
craftsmanship in their respective
lines. In the opinion of the committee
of award, each one of these men has
achieved the relative rank of artist
in his job.One of them was just an hod car-
rier, and at least was a day laborer.
Many of these would say that these
occupations are so ordinary that they
feel that the work of any kind of an
occupation, even one that seemingly
calls for the least originality, can yet
be done in such a superior way as to
give better service and make the work
go better.The prevailing idea in the industrial
and business world of recent years,
has been simply to work for the money
there is in it. A great many people,
perhaps the majority, have seemed to
have no pride in their work, and they
do not care whether they do it well
or not as long as it gets by. The giv-
ing of these certificates of craftsmans-
hip is an endeavor to promote a spir-
it of greater pride in all forms of
work, and a desire to do them in the
best possible way.Ditch digging is sometimes spoken
of as one of the crudest and humblest
types of labor. Some ditch diggers
are no doubt much superior to the
rest. If a man would study how to
use his muscles so as to get the great-
est amount of this work done with
the least amount of fatigue, and how
to finish up his work so as to cause
the least trouble to his fellow workers
that man would be a kind of artistic
ditch digger who would be entitled to
special honor.The achievement of men like that
is noticed, and they do not have to
stay long at the bottom of the ladder.
We can find plenty of opportunity for
them to go ahead here in Cameron.**THE AMAZING BUILDING
RECORD**The way building construction keeps
up in this country is something very
remarkable and rather amazing. In
four or five years of active construc-
tion, the shortages in homes and busi-
ness structures that developed thru
the war period, would have been made
up.And yet the amount of work started
in the first quarter of 1926 was 25
per cent more than for the same per-
iod of 1925. It seems probable that the
total construction for this year will
be nearly equal to the enormous re-
cord made in 1925, and perhaps exceed
it.One factor of course that has in-
creased such construction, is that
many people have left the country
homes where they formerly resided
and have taken work in cities, which
has made these cities grow faster
than the rest of the country, so calling
for much new construction to meet
this redistribution of population.More of a factor is the ten-
dency of people and of business con-
cerns to demand better quarters
than they formerly had. The increased
prosperity of the average run of peo-
ple has led them to look for better
homes than they were satisfied with
ten years ago, and many business
structures that would have been con-
sidered adequate then, are looked at
as antiquated now to serve modern
needs.The only unfavorable factor about
this situation is that it tends to keep
the cost of construction up to a high
point. Sooner or later, unless means
are found to reduce such costs, it
seems inevitable that there will be
more or less slackening in the con-
struction business. But if the buildingtrades can make an effort to keep
down their costs, it will encourage
people to go ahead and spend money
in this way.**FIGHTING PESTS**Insect pests are enemies of the
whole nation and they help make food
costs higher. In the main the ques-
tion of fighting them has to be left
to farmers and gardeners. And yet
a good deal is being done along that
line of various civic movements. Or-
ganizations like the Boy Scouts, for in-
stance, have done excellent work in
destroying caterpillars and various
pests.People should at least co-operate by
destroying such pests on their own
land. Some careless property owners
who do not take much interest in gar-
dening, will permit pests to thrive on
their grounds, where they multiply
and go forth to attack the gardens and
farms and street and park trees of
the neighborhood. It is up to everyone
in Texas to see that these miserable
creatures are cleaned out of his own
land.**FIGHTING WEEDS**Not merely does the gardener have
to carry on a perpetual battle with the
weed enemies among his flowers and
vegetables, but these coarse and un-
lovely growths have a way of forcing
themselves into lawns so as largely
to destroy the beauty of the same.
They thrive on an amount of mois-
ture that would never support grass
roots.Many householders and lot owners
will allow such weeds to grow freely
until they blossom and distribute seeds
through the neighborhood. In that way
the man who keeps his grounds neatly
cared for, has to fight weeds that
come from his less diligent neighbors.The people who have clean and silky
lawns furnish their towns a beauti-
ful sight, but such a result calls for a
constant pursuit of those weeds. But
the finished appearance of their grass
carpet is a fine reward for their labor-
ers.**GOLDEN RULE IN POLITICS**A plea for the establishment of the
Golden Rule in international politics
was made by Sir Esme Howard, Brit-
ish ambassador to Washington, in an
address to Rotary clubs at Toronto,
Ontario, recently. It could apply as
well also to internal politics.The Golden Rule, that is the doing
to your neighbors and people gener-
ally what you would like to have them
do to you, is considered by many in
these advanced times, as too imprac-
tical to apply to world affairs during
the last dozen years, it would have
added infinitely to human happiness
and saved incalculable misery.For just one item of its effect, it
would have saved the World War, and
all the terrible losses and suffer-
ing caused by that struggle. No war
would ever have occurred if those
nations had shown even a moderate
desire to follow the Golden Rule.If that spirit had prevailed, those
nations would not for many years have
been grasping to see which should
get the most territory and trade ad-
vantages, regardless of right and jus-
tice. There might have been strenuous
competition under the Golden Rule,
for that rule should not be stretched
to forbid people from emulation and
doing the best they can to render
superior service. But it does insist
that we should give our neighbors
and all with whom we have relations
just as fair a deal as we expect or con-
sider responsible for ourselves.With a little of that spirit, those
difficulties over boundaries and col-
onies and armies and navies that caused
all that disaster, would easily have
been smothered out and settled peace-
ably. The business man who sneers at
the Golden Rule is sneering at
something that would improve his busi-
ness and make everyone happier if
it could be applied universally.**BOY'S WEEK**The week from May 2 to May 9 is
known the world over as "Boy's
Week." "Boy's Week" was started sev-
eral years ago by the Rotary Club
and now the movement has spread to
such an extent that nearly every large
city devotes time and work to the
celebration of the week, with all civil
bodies taking part.First there was Mother's Day. Then
came Father's Day. Now that we have
Boys Week, it is very likely that be-
fore long will come Girl's Week or
something similar.All of these things indicate a grow-
ing tendency among present day peo-
ple to think of the other people. And
there is nothing more important than
thinking of the boys and girls of the
nation, who are to be the men and
women of tomorrow.Although more money is being
spent for tobacco than there is for
education, although government statis-
tics study the problem of raising
pigs and cows much more than they
do the problem of raising boys, andalthough the youth of today seems
more unwilling to accept discipline
and authority at the home, the young-
er generation is better all round than
the ones which have passed.The boys of today are thrown more
on their own resources. On the ball
field, they have no loving mother to
pat them on the back when they miss
the ball. Instead, it is "Get a basket."
They must do things for themselves.
And this is as it should be, because
the sooner a boy learns, the more
ability he is going to have in thresh-
ing out later and greater problems."Boys Week" is a great endeavor.
It brings the boy and the man closer
together, and shows each that the
other has his own ups and downs. It
brings a better understanding between
son and parent and a higher consid-
eration for each other.Go out of your way to help the boy.
And let the example you set be of the
kind that will cause him to follow in
your footsteps. You can do no greater
thing.**PELLAGRA**

**GOVERNOR FERGUSON TO CALL
SPECIAL SESSION THIS FALL**Austin, Texas, May 6.—Texas dis-
trict road bonds will be validated by
a special session of the legislature in
the early fall, it was practically as-
sured here today. Because it will take
more than thirty days to call the ses-
sion and then will take more than 30
days to pass the general validating
600 district bills, Governor Miriam
A. Ferguson will wait until after the
democratic convention to convene the
solons, members of the joint com-mittee, which made an appeal for a
validating session, said today.Endorsement of telegrams from
bond attorneys in the north and east,
who said that Texas bonds could be
marketable again if the drafts of the
bills presented the governor today
were adopted by the legislature, was
demanded by the governor. She asked
for time to study the draft of the
bills submitted and indicated that she
will announce her decision on the spe-
cial session request next week.J. A. Kemp of Wichita Falls, chair-
man of the committee, said that the
chief executive's attitude is more fav-
orable than before and he and the
other members manifested consider-
able pleasure.Telegrams were presented the gov-

members of the legislature consented
to attend a special session for the sole
purpose of passing the validating

**Farmers Hire too
Many Men**A visitor to this Bank recently remarked that one reason why so many
farmers had to borrow money every spring to see them through until
harvest time was that they hired too many men. When asked to explain he
said:"Thousands of farmers do not produce their own meat. They hire a far-
mer up North to grow their hogs; they hire a railroad to haul those hogs
to market; hire a packing house company to butcher them; then hire
another railroad to haul them to Texas where a cold storage man is hired to
keep them, and then a retail merchant is hired to serve them in small
portions over his counter."The same thing can be said about the farmer WHO BUYS CORN AND
OTHER FEEDSTUFFS; who buys butter, canned fruits, canned milk, and
other foods that he could produce himself. He hires some other farmer to
produce his feed and food, and then hires a lot of men to handle them for
him until he is ready to use them. If fewer men were hired our farmers
would be more prosperous.**Cameron State Bank**

LIVER TROUBLE

Louisiana Man Tells How He Keeps "Up and Going."

"It doesn't matter how strong and healthy we think we are," says Mr. W. S. Reynolds, of Arcadia, La., "every once in a while, in order to keep up and going, we have to cleanse the system and take a little something for the liver."

"My old standby is Black-Draught. I have used it off and on for 20 years."

"I get bilious and have a bad taste in my mouth. My head feels dull. I just don't feel like getting around and doing my work. I know it isn't laziness, but biliousness, so I take a few doses of Black-Draught and, when it acts, I get up feeling like new, full of pep and ready for any kind of work. I can certainly recommend it."

Black-Draught liver medicine is made from pure, medicinal roots and herbs and contains no harmful, habit-forming mineral drugs. In an easy, natural way it helps cleanse the system of poisonous impurities and tends to leave the organs in a normal, healthy condition.

Cotton School Opens A. & M. June 7th

College Station, Tex., May 12, The Eighteenth session of the Summer School of Cotton conducted each year at the A. & M. College of Texas by the Department of Textile Engineering, will begin on June 7 and continue until July 17. The cotton school is held with a view of preparing young men to enter the business of cotton; to train cotton growers to market their cotton intelligently and profitably; to assist cotton buyers to become more familiar with low grade and off colored cotton and to judge staple. This is the official cotton school of the State of Texas and at the close of the school an examination will be held by the State Board of Cotton Examiners. The object of this examination is to determine the qualifications of those who expect to class cotton for fees and to manage State bonded warehouses.

Lectures will be given daily covering subjects of general interest such as the following: correct esgrading and how to accomplish it; reasons for fluctuations; some essentials of a successful cotton man; ginning and its effects on grades; New York and New Orleans cotton exchanges—how they operate and their importance to the cotton business; how to determine the spinning value of cotton; cotton damages, causes and preventations; and other similar subjects. The work in grading and stapling will be given by instructors of the board and recent experience, to small groups of men at the cotton tables. There will be one section organized for students who are especially interested in exporting. Two special courses in cotton office methods will be offered to students.

The school will be conducted under the direction of Professor J. B. Bagley, head of the Textile engineering department of the college. He will be assisted by E. L. Dowd, head of the division of cotton classing at the College, and formerly with Jett Williams and Co., of Hope Arkansas; Charles H. Welch, public cotton classer, Marshall, and former government cotton classer and mill buyer; James R. Taylor, member of the firm of Taylor & Watson, Shawnee, Oklahoma, and former classer on New Orleans Cotton Exchange; M. E. Kidd, member of the cotton firm of Ryburn and Kidd, Waxahachie and former government cotton classer; C. L. Baker, assistant cotton classer at the College; H. A. Handrick, buyer for Eugene F. Smith and Co., at Quanah; and E. McCaleb manager of the Quanah Cotton Exchange.

College Station, Tex., May 12, More than one hundred graduates of agriculture will go out into the state from the A. & M. College of Texas as trained leaders and agricultural workers after the graduating exercises on June 1. Some 25 of these men will go into Smith-Hughes teaching, that is as teachers of agriculture in high schools over the state where from one to three years of work is given the students in different lines of agriculture. Approximately 25 more of the group will go into some phase of practical agriculture, including general farming, ranching, poultry raising, truck farming, etc. Most of these men will take charge of places owned by their parents. The remainder of the group will

enter other lines of trained agricultural work, as county agents, cotton breeders, and cotton marketing specialists.

"The criticism is made of the College that we are not sending men back to the farms after they complete their studies in agriculture said President Walton in discussing the great number of men who will complete the prescribed course for the degree of bachelor of science in agriculture at the College this spring. "It is extremely doubtful to me whether the College would be justified in educating men to go back and farm or operate a ranch primarily for their own benefit and compensation. I take it rather, that we are to train the agricultural leaders. Men coming out of the College every year and engaging in the teaching of agriculture, county agent work and many other fields of agricultural leadership are rendering a much greater service to the state than they would were they going back to operate their own farms. Some of these men are remaking rural communities, some of them, by their studies in agriculture and their discovery of new strains of farm crops, livestock, etc. are giving enough returns to the state to repay all the money that has been put into the school by the Legislature."

L. W. Kemp of Houston spent the week end with his brother, Judge Jeff Kemp and family.

STRAIGHT TALKS WITH AUNT EMMY

ON SAVING TO INVEST

"You have talked so much about saving, Aunt Emmy," said Hilda to Aunt Emmy, "that I wonder if you will be kind enough to help Jack and me work out a way to save regularly. We do so want to get ahead. As Jack is getting a little more money this year, we plan to save that and keep right on living on what we got last year. Of course, it is hard to do without a lot of things we might have, but then Jack and I both feel that we don't want to be worried about money. If we have a little reserve fund, we can be prepared for emergencies."

"Bless my heart!" exclaimed Aunt Emmy. "It surely does sound good to hear such sensible talk from a youngster these days! I'll tell you what I think is a good plan for you to follow—open a savings account with a bank that has a thrift department and every week put away a stated sum in your savings account. You will receive interest on this money, you know. Of course you receive only a moderate rate of interest on your savings, so it is a good idea to make a definite investment plan and invest your savings in sound securities that will yield a higher rate of interest."

"Accumulate your money, small sums at a time, in your thrift or savings account. Determine what sum you will use for your initial investment, say, \$100 or \$500. Save until you have twice that amount. If you decide to begin your investment on \$100 save \$200, then take \$100 and buy a baby bond, or buy a large bond on the installment plan and apply the \$100 on the first payment, if you are sure you can save regularly enough to meet the other payments."

"Why not use the \$200 and then begin all over again, Auntie?" queried Hilda.

"Because you ought to have some money on hand. You don't want to wipe out your whole savings, even for the best sort of investment."

"But how can we know what to invest in?" asked Hilda.

"Your bank will help you in that, my dear. Bankers are always glad to advise their customers concerning sound investments."—Anne B. Aymes

A GOOD TIP

Now is the time to buy purebred livestock. A considerable volume of purebred stock originally intended for breeding purposes has been going to the block because prices for purebreds in many instances have declined practically to the level of those paid for slaughter animals. There is need for purebred livestock on farms and it does not seem right to slaughter animals that could be used to improve the quality of farm herds and flocks. An exceptionally high producing cow is worth many times the price of a slaughter animal. Not only does such an individual produce more actual milk and butterfat, but the superior production characteristics of such individuals may be passed on through several succeeding generations. The fact should not be overlooked that purebred livestock is a real necessity. Without such stock, milk and butterfat records and weights of fleeces will decline and uniformity of type and quality will be sacrificed. No improvement can be made without them. Now is the time to select, scrub stock and buy purebreds while the prices are low.—Banker-Farmer.

TEXAS

BATHING REVUE WILL BE GREATEST OF ALL

**GALVESTON MAKES PLANS FOR
BIG ENTERTAINMENT ON
MAY 15 TO 17**

The greatest pageant of beauty ever staged in this section of the country, if not in the entire United States, is clearly indicated in the forthcoming first international Pageant of Pulchritude and seventh annual Bathing Girls Revue to be staged May 15 to 17, on Galveston's famed beach front.

With entries from forty American cities and three foreign countries, and a record crowd, assured by the running of many special excursions the lowest rail rates in years, the event seems sure to eclipse all former attempts.

To accommodate the crowd who will go to Galveston for this occasion, the Santa Fe will operate special train from Temple. Special will leave Cameron, Texas at 4:00 a. m., Sunday morning, May 16, arriving Galveston 9:50 a. m. returning, will leave Galveston 9:00 p. m., Sunday night. A very low rate of \$4.00 will be in effect for this occasion, tickets being on sale Sunday morning limited to leave Galveston Sunday night.

Many radical changes have been made for this year's event. Instead of parading in autos, the contestants will appear in miniature decorated floats, being pushed a la rolling chairs by uniformed attendants along the sea wall. There will be two parades, the first at 5:00 p. m. on Saturday afternoon, May 15, when the beauties will appear in sport clothes or afternoon

frocks. The following afternoon at 3:30 p. m. the girls parade in fancy bathing costumes. The same night, at Menard Park, the beauty pageant proper is scheduled and the girls appear in evening gowns. Here, also, the judging will be done and the winners announced. The prizes will be awarded and the beauties introduced at the American Beauty Hall, Garden of Tokio, Monday night, which event will close the festival.

Judging will be done by seven highly qualified experts from widely separated points. The chairman will be Ned Wayburn, internationally famous producer of the Ziegfeld Follies.

The winner will receive \$2,000 in gold, the largest prize ever offered in similar contest, and a silver plaque denoting the award of title "Beauty of the Universe."

One of the most important advertising conferences ever held in the automotive industry has just been concluded in the general offices of the Chevrolet Motor Company, located in the General Motors building in Detroit. Chevrolet dealers from various sections of the country were called in for a two day session during which all phases of the Chevrolet advertising plans were covered.

So satisfactory was this conference in its contribution of new ideas and advertising suggestions, based on dealers' experience in widely scattered territories that plans have been made to arrange monthly meetings. The dealers will assist in making the Chevrolet co-operative advertising campaign the greatest plan ever produced for any group of retail merchants.

J. E. Grimm, Jr. advertising manager, presided at the meeting, assisted by members of his advertising staff. Talks were given on advertising

art, preparation of copy, direct mail advertising and outdoor advertising.

The co-operative advertising campaign now under way in addition to the regular national schedule was reviewed. Dealers learned that through the co-operative plan, Chevrolet advertising is now appearing in more than 4,000 American newspapers, making every dealer, large and small, a consistent newspaper advertiser. The vast circulation of these papers, tied up with the copy used in the national schedule, gives Chevrolet a great national coverage and assures uniformity of the message broadcasted.

Aside from the product itself, Chevrolet officials said no other one element had done so much toward increasing Chevrolet sales as the co-operative plan enthusiastically supported by the dealers.

Although 1925 was Chevrolet's greatest year, with sales totaling more than 500,000, the first three months of this year already show an increase of more than 70 per cent over the same period last year and April sales figures promise to eclipse those of the same month in any previous year.

STOMACH SO BAD CAN'T EAT EVEN FRUIT

"For years was badly constipated and troubled with gas after eating. Could not eat fruit and many other things. Adlerika has done me good—can now eat anything," signed W. H. Fletcher. Adlerika removes GAS and often brings astonishing relief to the stomach. Brings out a surprising amount of old waste matter you never thought was in the system. Stops that full bloated feeling and makes you enjoy eating. Excellent for chronic constipation. New Cameron Drug Co.

PLAN FOR BIG CONVENTION

**Special Emphasis Is Laid On Spiritual
Preparation for Gathering of
Forces at Houston May 12-16**

Conditions favor a distinct advance on the part of Southern Baptists in 1926 along many lines, according to information received by the headquarters of the Co-operative Program Commission of Southern Baptists.

This body, charged by the Southern Baptist Convention and various state conventions with providing adequate support for foreign missions, home missions, ministerial relief and Baptist schools, hospitals and orphanages, is seeking to so increase and stabilize the income of the de-

PREACHING CONVENTION SERMON.

nomination as to provide adequately for all these enterprises through a regular budget. In this connection the Commission is seeking to enlist as nearly as possible every member of every church in making regular weekly and monthly offerings to this general budget which is distributed among these seven causes on percentages proportionate to their various needs.

Approximately \$9,200,000 for these objects was received during 1925, it is announced, but inasmuch as only \$4,698,000 of this amount was in distributable funds some of the objects suffered for lack of sufficient cash. Under the leadership of the Commission a definite effort is being made to secure as much or more money as was contributed in 1925, but in undesignated amounts so that each cause will get its proportionate share.

Receipts By States

The receipts for 1925 through the various state offices were as follows: Alabama, \$352,308.67; Arkansas, \$239,333.66; District of Columbia, \$48,000; Florida, \$223,665.88; Georgia, \$480,868.54; Illinois, \$81,051.17; Kentucky, \$514,300.01; Louisiana, \$312,499.70; Maryland, \$91,200.00; Mississippi, \$580,736.76; Missouri, \$230,844.13; New Mexico, \$38,981.64; North Carolina, \$691,713.44; Oklahoma, \$137,389.01; South Carolina, \$434,584.70; Tennessee, \$390,287.44; Texas, \$873,407.96; and Virginia, \$946,066.05. The remainder of the \$9,200,000 received in 1925 consisted largely of special gifts to foreign missions and the building fund of the Southern Baptist Theological Seminary.

An outstanding feature of this effort of the Commission is a special cash ingathering for the month of April, when every one of the nearly 4,000,000 white Baptists of the South will be asked to make as generous an offering as possible to the whole Co-operative Program, this money to be distributed proportionately among the seven general causes embraced therein.

Convention Prospects Good

In the event this April ingathering attains the goal set for it, it will make it possible for the various Southwide Baptist enterprises to report great relief in their financial situation to the Southern Baptist Convention at its session in Houston, Texas, May 12-16.

The committee on program for this year's convention, in the hope of giving that session the largest possible spiritual emphasis, has arranged for a special season of prayer and worship in the Convention auditorium at Houston for Tuesday evening, May 11th, preceding the opening of the Convention on Wednesday morning. At this preliminary service J. Fred Scholfield of Birmingham, Ala., will lead the song service; Dr. W. A. McComb of Gulfport, Miss., will lead the prayer meeting and Dr. H. R. Holcomb of Mansfield, La., will preach a brief sermon. Another innovation in this year's Convention program calls for the closing of each morning and evening session with a brief sermon by a representative pastor. Dr. Fred F. Brown, Knoxville, Tenn., will deliver the main Convention sermon on Wednesday morning.

ALL OUT OF SORTS?

So Was This Cameron Woman Who Tells Her Experience

All too often women accept their pains and aches as natural to their sex. They fail to realize that weak kidneys are often to blame for that backache, those headaches, dizzy spells and that tired, depressed feeling.

Thousands have found new health and strength by helping the weakened kidneys with Doan's Pills—a stimulant diuretic. This Cameron case is one of many:

Mrs. H. D. Reynolds, 104 North Crockett Ave., says: "My kidneys were sluggish and I had constant, bearing down pain through the small of my back. I also had a lameness and soreness in my back and I felt worn out and run down. I was troubled with dizzy spells when little black spots darted before my eyes. After using Doan's Pills from Jackson Pharmacy No. 2 kidney trouble left me." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MEMORIES

Tom Tuttle, son of Mrs. N. H. Tuttle, superintendent of schools of Carthage, Texas, sent his mother the following beautiful Mother's Day Poem which we are pleased to re-publish as an aftermath of Mother's Day:

I have a precious heritage—
A treasure more than gold—
That gladdens even in hours of grief,
And brings a joy untold.
This priceless jewel of my life
Is made of memories.You may have gold or diamonds rare,
They can't compare with these!
I wander back and live again
Those happy childhood days,
And, hand in hand with mother, walk
Along their joyous ways.I see again the cottage home—
Humble to you 'twould seem;
But mother's love lent sacredness
And brought me joy supreme.
For always patient, kind and true,
She understood each woe
That rent a tiny childish heart,
Or made the tear drops flow.'Twas in this cottage mid the hush
Of twilight kneeling there,
With bended head upon her knee,
I lisped each evening prayer.
Ah list! I hear "My Savior dear,
Much more than life to me,"
As love divine o'erflowed her soul,
"I'm climbing close to Thee."Some other voice might sweeter
soundTo you, but ah, I long
To hear earth's grandest melody—
My mother's soulful song.
And even though she has gone on
To realms glorious, fair,
In memory I hear her voice
As she sings praises there.Ah life so pure, so undefined—
Such precious memories—
What wealth so rare as could compare
With treasures such as these?
I love her for the life she lived,
The counsel that she gave,
The prayers she prayed for me when
lost,
That God my soul, would save.
And from earth I journey on
To those who care for me,
I hope to leave such heritage—
A treasured memory.**C. E. RALLY**

The Christian Endeavor Rally held last Friday afternoon in the Cameron Presbyterian church was a success. The rally was held under the direction of Mrs. W. G. Gillis, local secretary of the Presbyterian Young People's work. The ladies of the Presbyterian Auxiliary co-operated in every way for the success of the Rally. They decorated the church, entertained the twenty five delegates and furnished and served two splendid lunches at the church one Friday evening and one Saturday at noon. The guests were made welcome to the homes and hearts of Cameron people.

The Rally was directed by Mrs. Sallie Majors of Brownwood and Miss Kittie Shands of Austin.

The C. E. of Taylor, Austin, Llano, Cameron and Maysfield sent delegates. Mr. Webb and Mrs. Carter Temple, Mr. Prince of Llano were eleven delegates came from Taylor.

Dr. Greer of Temple, Dr. Monroe of came with the Austin young people. Iting ministers present.

The Rally was enjoyed so much by the members of the Cameron Christian Endeavor that they asked to have it again in our city.

WHERE YOU FIND GOOD THINGS TO EAT
I feel very thankful and grateful for the splendid structures and approaches through the river valley and spanning the main stream. It is a decided improvement and will take care of the traffic for years to come.
The young men sponsoring the tourist park and swimming pool are to be commended and deserve the encouragement and patronage of our citizenship.
